

The Kids Castle

Before and After School Care Service

The Kids Castle provides high quality Before and After School Care in a friendly, supportive, safe and caring environment. The Centre is located on the Infants side of Castle Cove Public School, NSW and is managed by a voluntary committee comprised of parents whose children attend the Centre in conjunction with the Centre Director. The Kids Castle operates in much the same way as a small business, with one exception - we are a non-profit organisation.

The professionally run facility provides a child centred program for K-6 students during school terms. The Kids Castle adheres to the free play philosophy, children are free to choose any activity to participate in. Every day we offer a range of activities, both indoor and outdoor which may include any of the following: Craft, painting, collage, clay, drawing, cooking; board and card games such as Monopoly, Scrabble, Pictionary, Uno, Connect 4, Chess, Memory. From time to time we have outside visitors such as members from the surf life saving, Police, Fire brigade, Wires or other animal organisations. Other play equipment available includes block play, Lego, dress ups, Rolka blocks and a well stocked reading corner. Outside games can be self initiated or staff guided, and include handball, soccer, tip, cricket, skipping, Frisbee and free play on the school equipment.

A set period of time is given to children for homework to be done. This time is supervised by staff.

Breakfast and afternoon tea are provided.

For more information regarding fees and bookings, contact Jane Air and **The Kids' Castle** on **9417-7183** or email thekidscastle@bigpond.com
